### Worldprofit Coaching: To call or not to call? That is the question!

#### **We often get asked by new Members, "Should I call my free Associate Members?"**

Calling your free Associate Members is a matter of preference and is your choice.

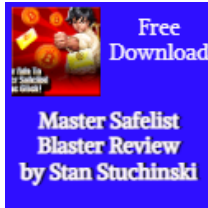

Generally, we don't recommend it for Members very new to our program but if DO want to call people, or have been with Worldprofit long enough that you understand the fundamentals of our program, here are some suggestions to help you.

#### **1. When you call people, DON'T be a sales person, don't be pushy.**

Just call, introduce yourself, invite the person to login to their free Associate member area to see what we offer at Worldprofit. You don't have to answer a lot of questions. Your goal if you call is to say hello, thank them for becoming a free Associate member, then invite them to check their email for details on how to login to their Associate membership account.

The **2 most POWERFUL words** to use when engaged with your free Associate Members

## JUST LOGIN

Remember: **Worldprofit has everything they need to start and GROW their online business!**

Doesn't matter what affiliate program(s) they are in - they can use our services!

When they login they can see what we offer.

Every Affiliate marketer on the planet needs what Worldprofit offers - and YOU can connect them!

You don't have to know all the answers, you just need to know - **2 WORDS!**

So when talking to your Associates by phone or by email, just tell them to login.

In their Associate member area they can DISCOVER what Worldprofit offers!

- They will see what they get as a free Associate Member.
- They can watch the SILVER MEMBERSHIP Video to see the benefits of upgrading.
- When they login they will be met with Special Offers, incentives, fantastic upgrade deals!
- They will see the LIVE Business Center AND our Monitors ready willing and able to help.
- When they login they have instant access to all their questions.
- If they still have questions, our Support Team at Worldprofit is standing by to help them.
- YOU will save time trying to come up with answers, and can filter out the serious from the non serious. The serious will sign up/login, the non serious won't. Know who to help, who to forget about. This gives you more time to be promoting, growing your business, while our system is WORKING for you!

As a Worldprofit Silver or Platinum VIP member, our system KICKS in when your Associates login.

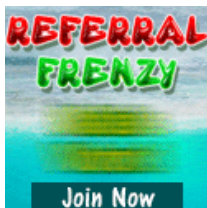

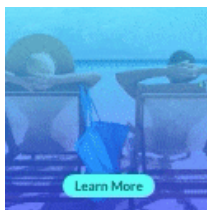

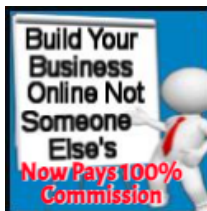

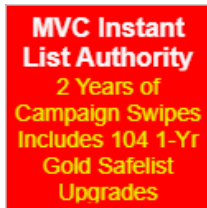

This means **YOU can focus 100% on promotion.**

Focus on generating NEW Associate memberships every day by PROMOTING consistently. Use Safelists, use Social Media, use whatever method you like, but PROMOTE.

Use the tools and resource, landing pages in your member area to promote to get new Associate memberships.

When the Associates you have referred make a purchase, you earn commission.

The MORE Associates you have the MORE likelihood of seeing a conversion to sales - AND as you promote you are GROWING your email marketing list.

When you get asked what we are, who we are, how does it work?

You say... **JUST LOGIN!** They can DISCOVER and EXPLORE all that Worldprofit offers, when they login.

**Some, not all of our Top Sellers DO call people.** The reason this is helpful in making sales is because it makes our program distinct and unique to all the other "Biz ops" out there that rely on de-personalized sell and dump tactics, Due to the time Worldprofit has been around, we have had Members for many many years, some from when we first started in 1994. The reason is due to building trust and relationships with people, this is key to sales and retention.

**Try to understand the power of Worldprofit's system** - especially our Worldprofit Monitors staffing the **Live Business Center** 24 hours a day! Let the system work for you. Promote to generate Associates, lots of Associates. When Associate members login the Monitors make them an offer and try to upgrade free members into paid members or to purchase any of our other services. Some will upgrade some won't, that is why you must promote every day to bring in new Associates all the time.

**If you are very uncomfortable with calling people then don't.**

Put your effort and time into promotion. When you generate Associates they will sign up and get an offer to upgrade from our system, hopefully they will upgrade or make a purchase. When they do you can then call them if you like and welcome them on board. Then work on building what we hope will be a long term business relationship.

#### How Does This Apply if NOT a Worldprofit Member

Most other affiliate programs I have been associated with DO NOT have the processes in place that you find as a Worldprofit member. So, greeting your new subscribers, and NUTURING your subscribers is ON YOU.

I send new subscribers a **welcome email**, they receive autoresponder message streams, and **regular distribution of this newsletter** plus some promotions.

**The role of SPONSOR becomes YOU.**

I have an open invitation to subscribers to contact me, but I **rarely CALL THEM** unless I am working with them on something in particular. **I OFFER to help for SERIOUS SUBSCRIBERS... for FREE.**

#### Ways to Provide Help

- **Invite them** to attend whatever training or webinars available.
- **Refer to training or videos** provided in affiliate materials

- Utilize **Telegram, or social media** support groups
- Set up a **3-way call** with **YOUR SPONSOR**
- Utilize **call scripts** if available.
- Send **tips, hints, or reflect on your OWN experiences**
- **Share templates** for capture pages, pages, ad copy etc.
- Give subscribers **SOMETHING OF VALUE TO THEM.**
- Establish **regular communications** with your subscribers
