CRITICAL INFORMATION ABOUT KASPERSKY ANTIVIRUS!

Your Kaspersky subscriptions will not be renewed due to a recent U.S. ban on Russia-based cybersecurity company Kaspersky.

Your Kaspersky software will stop updating after September 29, 2024, potentially putting your device(s) at risk.

Dave Mosher was kind enough to pass on an article from Reuters on June 20th:

What This Means to You

- **I do NOT recommend Norton 360 or McAfee** - too many technical issues and incompatibilities.
- This is not a scam to get software sales on Prime Days! It is a REAL threat per verified sources in the US Government!

Amazon Prime Days are July 16-17

Consider Back to School purchases NOW. I saved HUNDRED\$ when my daughter was off to college with PRIME, and even more when I took advantage of PRIME DAYS.

TIP: The Prime account was in my wife's name since she was the major buyer in our family. I added a second name (me) to the account. Now, she does not see what I am buying (since they are mostly gifts for her).

TIP: You get unlimited photo storage with PRIME
