Nice Free Course: PLR Profits from Martin Chantler

Martin has distributed a very nice, free course on how to use, customize, and market PLR. Use the sources below to obtain content, and rebranding.

How I Use Rebranded PLR in My Own Business.

Many of the ebooks I use as lead magnets, or distribute as bonuses have been through some degree of "rebranding". (Assuming I have appropriate permissions).

- For PLR with editable source documents, I create a new version, and make modifications and format with **Google DOCS**
- For PLR in PDF format, I edit with a PDF editor. This gives me less control over formatting, but I can delete whole or partial pages, delete or overwrite text, add graphics and overwrite links.
- I add a "forward", review or annotations.
- I put my own contact information in the footer

- I add an "About Me" page
- I re-paginate with logical page breaks for readability
- I utilize the "almost blank spaces" at the end of a page by posting banners for topic-appropriate affiliate programs
- If there embedded links for my affiliate products, I overwrite the links with my own affiliate URLs.
- I ensure product ads or links are clickable.
- I save and distribute as a PDF. In Google DOCS, this is done with the Export function.

My Worldprofit membership provides some rebranding tools, ebook, cover, and graphics creation tools. The Super Funnel tool can transform any webpage into a PDF document.

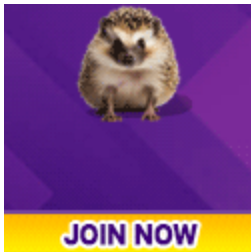

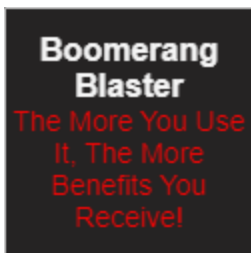

PLR Sources

Be sure to check permissions before distributing PLR as a bonus. You must be able to **share or give away** product.
