Includes:

- **50 Super Solos**
- 1 Bonus Solo Ad to 315 [Safelists](#) at [MasterSafelistBlaster](#).

### Pre-conversion Opportunities

Once this site converts to the new script, some of these capabilities will change

- No Extra Charge (unlike Frank Salinas sites) to set up your profile with your **autoresponder HTML form code** so your prospects **join your LIST before registering** for the [safelist](#) site.
  - Use the [Splashpage](#) Builder on the new site to build your capture page and redirect to your referral URL
- Resell the **\$10 Super Solo Offer to your referrals** over and over to earn commissions. The button on THEIR site earns YOU Commissions.
  - As Elite on the Instant Commission script, you earn 100% Direct Pay commission on all purchases by your referrals with no pass-ups.
  - While a package is not available on the new script, your referrals will still be able to purchase [Supersolos](#) for retail. Single [Supersolo](#) price is higher but bulk purchase offers bargains. Because you will be Elite, you will earn **50% commission** with no pass-ups on all [OTOs](#), offers, upgrades, ad purchases, and [Supersolo](#) sales. Commissions are subject to payout threshold.

So, set up your profile, and promote this site, the \$20 Elite OTO, and \$10 [Supersolo](#) package like crazy to take

advantage of the higher commission and no payout threshold.

Once we have 15 customers, we will remove the purchase button and mark the page as SOLD OUT.

### About Login Ads

Stan Stuchinski ([BigDogs](#)) and I were discussing **login ads** this morning, and I concur that the **FULL-PAGE LOGIN ADS** are the **MOST EFFECTIVE** ad type of all.

Stan purports that the **full-page login ads** you purchase for one day or a week, while expensive, are the BEST. His favorite site (I agree) is [State-Of-The-Art-Mailer](#)

I also agree that, not only does every member who logs on must view a login ad, but the best sites **do not give them the opportunity to click out** of the full-page ad until a timer has expired.

He's not a fan of the "round robin" type of login ads.

My view is that even the round robin ads are good (ie. on

Dave Mosher's sites), because there, **only Elite members can purchase them**, and only a **FEW of THEM** do, so the queue is not that large.

### Login Ads (graphic) vs Full-Page Login Ads.

I find that sites that offer **graphic login ads** are pretty useless because **USERS GET THEM WRONG!** Many site admins have eliminated them from their sites due to so many problems.

**Login Ads**, while they might LOOK like the input form for a credit mailer or solo ad, **they are NOT for text**. They are intended to take the **HTML tags and URL data** for a **600x300 graphic object** and target URL. An example would be:

```
<a href="https://trk.webcastsource.com/r2rcapture" target="_blank" >
</img>
</a>
```

I am embarrassed to see raw HTML code or text ad copy displayed when I see a login ad. The admin of that site should have denied the approval.

Even if users get it right, a common mistake is to forget the **target="\_blank"** parameter that forces a click to open the target URL on a new browser tab.

Some sites do present **separate fields** for the **600x300 banner URL** and **target URL** that force strict compliance with the **600x300 banner size**, not 468x60 or 125x125.

**Full-page Login Ads** don't have these issues because they are exactly that, Full-page Login Ads, and generally do not have any ambiguity: you are only asked to enter the **target URL of the full-page ad**.

**TIP:** ALWAYS set the target URL to a **CAPTURE PAGE** or **SPLASH PAGE** that redirects to a capture page.

**TIP:** If I have commissions on a site that are teetering below the payout threshold (\$20 on Dave's sites), I purchase **Sponsor Login Ads** (Full-page) for \$3.99 each or 5 for \$10, and **put those commissions TO WORK**. Unless you are actively promoting a site or have many referrals, it is unlikely that you will ever collect that commission because you have not met the payout threshold.

**TIP:** If you do not see your full-page ad display when you submit it, **HIT BACKSPACE** before the framebreaker test completes. Check for https:// or http:// compliance, or promote your fullpage ad with a splashpage front-end that redirects to that full-page URL.

## **Worldprofit Weekly Workshop**

New Workshop Recorded on 9/27/2024

Here's a summary of the key points from the workshop video:

**1. Introduction and Business Update (00:01–00:53):**

George Kosch, CEO of Worldprofit, welcomes participants and mentions that September has been a strong month for sales. He discusses updates in marketing strategies and improvements to the member area.

**2. Traffic Conversion and Lessons (02:53–07:47):** Kosch emphasizes the importance of understanding traffic conversion, highlighting the mistake of trying to sell directly to visitors. He explains that successful marketing involves using simple opt-in pages to capture leads and follow up with them later.

**3. Building a System and Avoiding Failure (07:08–09:34):** Kosch advises against the common mistake of chasing shiny new opportunities. Instead, he stresses building a solid system that includes list building, traffic management, and effective lead conversion strategies.

**4. Using Tools for Success (12:20–19:00):** The Worldprofit system includes tools like **Jitbit Autotext**, **Roboform**, and **Postbox** for managing leads and communications. Kosch

explains how these tools support members in efficiently promoting and converting traffic.

**5. Workshops and Continuous Training (40:41–47:02):** The workshops offer ongoing training and support for members. Kosch encourages attendees to participate, observe, and ask questions during workshops, while monitors play a critical role in helping new members without being overly pushy.

George Kosch has been doing LIVE weekly Workshops for years, and posting the recordings on the [Worldprofit YouTube Channel](#) so that NON-MEMBERS and ASSOCIATES can view them.
