SO Much More - an Amazing \$5 List Building and Traffic Program

Yesterday, I talked about [TheClickGenerator](#).

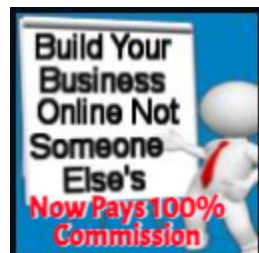

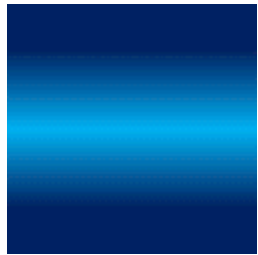

Because I enrolled under Richard Daigle, he sent an incredible **Resource Page** that included share codes for everything needed to create a complete list building funnel.

The good news is that **if you sign up under ME**, (you must be a paid member of **TheClickGenerator IN MY DOWNLINE**), I can provide you with the same Resource Page containing all the share codes.

Once you **sign up for my list**, then **register for TheClickEngine** and **purchase the \$5 subscription**, send me an email with your WarriorPlus receipt(s) to **RichMoyer@WebcastSource.com**

I will send you the link to my **Resource Page**.

What else do you need? [LeadsLeap Pro](#), although available as a free membership, it would be limited. I strongly

recommend upgrading to Pro.

THINK ABOUT THIS...

A COMPLETE LIST BUILDING FUNNEL including

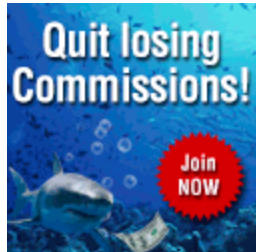

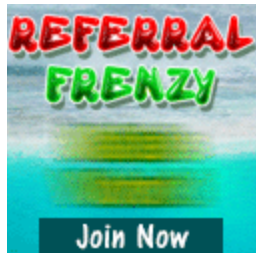

- 2 Splash pages
- 6 capture pages
- 6 Bonus capture pages
- 30 days of autoresponder follow-up messages.
 - Remember... it takes 7-11 exposures for someone to "get it".
- ThankYou Page
- **TheClickGenerator** traffic system
- Affiliate tools, banners, textlnks, ad copy, PS links

ALL THIS FOR \$5.00! Frank Salinas charges \$99.

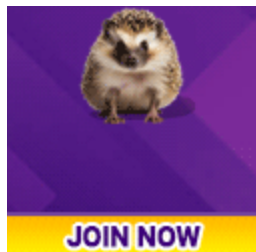

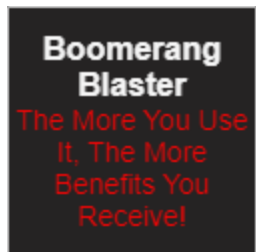

AND... I am offering to install this on **YOUR [LeadsLeap Pro](#) account** for only \$27.00 USD.

Today, I spent about an hour:

- **Creating my list** in [LeadsLeap](#) and **importing the 30 message stream emails** This has to be done first because all the capture pages need this **List ID**.
 - Set up your subject line, to be shown on all emails.
 - After your subject line, set up a **PS: "See What Others Are Promoting"** using the **TCG Rotator URL** (in **TCG Affiliate Tools**)
 - **Replace all URLs in emails with YOUR TCG Affiliate ID**

New Traffic Sites to Join

- **Importing and updating the Exit-Pop capture page.** This must be defined before creating the Capture pages. You want to present one last opportunity to join if they don't sign up on the Capture page.
- **Importing and updating the ThankYou page.** This must be done before the capture pages so you can select it to be the redirect page
- **Importing the 12 Done-For-You professional-looking capture pages.** These require only minimal editing, like updating your picture, connecting to the LeadsLeap list, and setting the redirect URL to that of the ThankYou page.
- **Creating a Rotator and adding each Capture Page. Save the URL of the Rotator.**
- **Importing the 2 Splash pages.** Set the button URL to the **Capture Page Rotator**.
- **Creating a Rotator for the Splash Pages,** and add them to that rotator. Save the URL for these pages **You will be promoting the splash page rotator URL on safelists.**

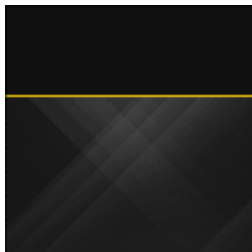

TIP: I recommend promoting the splash pages to get higher quality, pre-qualified leads

So, this is the final flow...

Splash pages will send them to a **capture page**.

If they exit before completing sign-up to your list, the **exit-pop** will try capture again.

If capture is successful, they will be asked to verify on the **Thankyou Page**.

Once verified they will be sent to **TheClickGenerator**
