## Aweber Price Increase

I was just notified that Aweber will be raising the price for up to 500 subscribers to \$15.90 per month.

If you are doing your job as a network marketer, you should be GROWING YOUR LIST every day. If you are using a **LIMITED AUTORESPONDER** like Aweber or Getresponse, the bigger your list, the **MORE YOU PAY**.

This is one reason I keep preaching to use BuildABizOnline (my preference), LeadsLeap, MyVIPContactsPro, or ListGeniePro, all **UNLIMITED autoresponders**.

### **YES, YOU DO NEED AN AUTORESPONDER!!!**

The best time to choose an autoresponder is NOW, if you are just starting out, before your list gets too big, because once you have subscribers, it is difficult, or more likely prohibited, to move them to another autoresponder.

### **Why I Like and Dislike LeadsLeap**

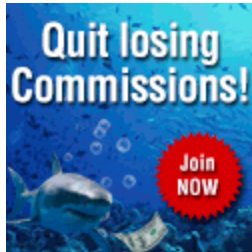

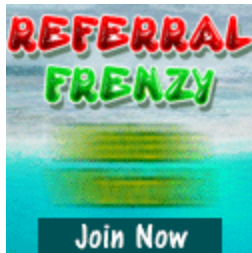

There are many free or low-cost funnels, with import codes to quickly create pages, lists, and for Pro members, campaigns and messages.

The problem with a free autoresponder is that, because it is free, very few of your downlines are going to upgrade, which limits the LeadsLeap features and capabilities to make it a great list building tool. It also limits your ability to earn the 50% commission residual income, that would pay for the expensive (\$27) monthly fee for the Pro upgrade.

### **Why I Like ad Dislike MyVIPContacts and ListGenePro**

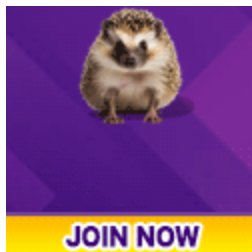

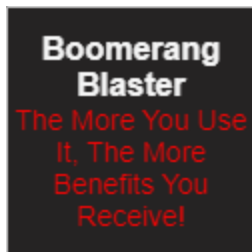

MVCPPro and LGP are both unlimited autoresponders (it is the same code, but each is a different configuration). LGP allows import of leads from several specific lead suppliers. Tools are adequate but old technology. There is a new system that will be coming within the next six months.

I've gotten hundreds of subscribers on both, and lost hiundreds

### New Traffic Sites to Join

of subscribers on both. Once a subscriber bounces for any reason, there is no way to restore the person to an active subscriber.

### My Recommendation: [BuildABizOnline](#)

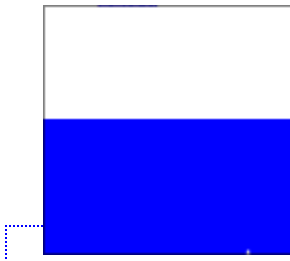

There are so many tools, and the autoresponder is **UNLIMITED** with the **Pro Executive** upgrade for only \$14 per month. Share Codes allow you to duplicate or export/import pages, or autoresponder campaigns. You can request hosting and a blog.

There is a **Team Build** that **Pro Executive members can join** (for free) that will keep you in the rotator until **YOU receive TWO PRO EXECUTIVE downlines**, that not only would pay for your monthly subscription fee, but **PUT YOU IN PROFIT**.

### Where My Subscribers Live

I have:

- hundreds of Worldprofit Newsletter subscribers that I can send a broadcast to daily,
- thousands of Associates, and thousands of Leads that are not actually in an autoresponder, but I can broadcast to daily through Prospect Manager emailer. My Associates also receive a daily Associate newsletter sent on my behalf by Worldprofit.
- several thousand subscribers in my Worldprofit PlatinumVIP autoresponder. I think I hold the record for the most campaigns, the most messages, and the most subscribers in the Worldprofit autoresponder.
- other lists of displaced subscribers and leads in JMailerPro

- subscribers in [Getresponse](#), [Aweber](#), [LeadsLeap](#), [GVO](#), [GotBackup](#), [AutomaticBuilder](#), and [MyVIPContacts](#)

I'm trying to consolidate, but as I said, it is **challenging to move subscribers between systems**. I drive many on my lists to subscribe to my [Worldprofit autoresponder](#) campaigns through other capture pages, so they can unsubscribe to the less desirable systems.

**THIS IS WHY I WANT YOU TO GET SET UP WITH ONE SYSTEM**, ie. an **UNLIMITED** [autoresponder](#), at a reasonable price, with residual earning potential like [BuildABizOnline](#).
