Today's Topics

- Here is the prompt used to create this graphic
 - Getresponse Subscribers will get PDF
 - Check out the Newest Videos
 - BuildABizOnline Membership Deals
 - How to Host Splashpages for FREE
 - New Worldprofit Workshop Recorded on 11/2/2024.
-

Here is the prompt used to create the above graphic:

Create an image with silver stars, fireworks, american flags on a blue background with a centered 2 line white banner with "VOTE" in bold red letters on the first line and "November 5, 2024" on the next line in bold blue letters

Getresponse Subscribers will get PDF

The spam analyzer in Getresponse is going crazy, and will not allow me to send my newsletters. None of my other autoresponders or SEO are acting the same, so I'm going to attempt just sending a link to my blog, that has a PDF and text-version.

In case you want PDF files and archives of my newsletters, go to [LifeBalanceB2B.com](#), under **Newsletters**

There is no cost for the Team Build, but you are required to **deliver 200 hits per week** to the Team Build URL (your supplied unique tracker URL). [Join the Team Build](#)

How to Host Splashpages for FREE

Martin Chantler has a great website called [ReduceTheHype.com](#) LOADED with free templates, articles, and basic tools. Martin is the programmer for [BuildABizOnline](#), so his **ADVANCED** tools can be found there if you are a Pro or Pro Executive member

I absolutely LOVE his **free downloadable templates**. The problem is that you need to **HOST** your pages somewhere that will give you a web-addressable, **PUBLIC URL**.

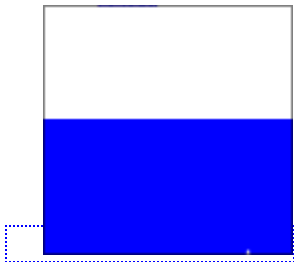

Martin has posted an article, [How To Host Your Web Pages For](#)

EasyCommissionsFunnel

TheClickGenerator

[FREE!](#). This will work with only **SIMPLE SPLASH PAGES**, meaning it will not work with anything that requires static files like graphic backgrounds or buttons.

Of course, you can use these templates with the [BABO Pro](#) or **Pro Executive level SplashPage Builder**, and static graphics can be stored on the **BABO Image Hosting site**.

If you want to use some of more complex splashpage downloads that have static graphics, I recommend signing either for a full hosting account like [ViralHosts](#), where you can get a **full CPANEL** account for \$2.95 per month. This hosting is OK for low-traffic pages or graphics, but I would not host a Wordpress blog there.

For a full feature hosting account that could handle most medium traffic splash- or capture-page traffic, graphics, and blogs, I would recommend [Hostgator](#).

DO NOT GET SUCKED INTO THE \$39 LIFETIME HOSTING by any name... it is a scam. This is YOUR BUSINESS! Don't skimp because it is too hard to change once established.

Worldprofit Weekly Workshop

New Workshop Recorded on 11/2/2024

George Kosch's Bootcamp Training

George Kosch, the "Most Accessible CEO", has been doing LIVE weekly Workshops for years, and posting the recordings on the [Worldprofit YouTube Channel](#) so that NON-MEMBERS and ASSOCIATES can view them.
