### Why the Format Change...Again?

I recently changed to a single column format, eliminated the AI graphics and payment links, reduced the width, and modified the presentation somewhat to satisfy the SPAM Detector gods, particularly with [GetResponse](#). My newsletters were being blocked, not just being sent to a SPAM folder, but never being sent. *Too many links* is a common complaint that results in SPAM gods whining, but it still gets sent so I'll keep trying to refine my craft so I don't get yelled at.

At minimum, see the PDF or blog-formatted version [HERE](#).

## A Second Monetization Opportunity with FreeListMonster

EarnApp is an innovative platform that lets users monetize their unused internet bandwidth. This unique app is compatible with a variety of devices, including PC, macOS, Linux, Raspberry Pi, Android, and iOS, making it accessible to a broad audience.

Joining EarnApp is completely free, and while it may not make you rich, it provides a simple way to **generate some passive income**. The withdrawals you make may not be massive, but they can certainly be a welcome bonus over time.

What's more, EarnApp offers an additional earning opportunity: you can earn **10% of the income generated by anyone you refer** to the platform. Since signing up is free, it's likely that everyone in your referral network will join, helping you build a steady passive income stream. Over time, this can add up to a significant amount, making EarnApp a worthwhile option for those looking to earn extra income with minimal effort.

It took seconds to download and install the app on my Windows laptop. There was no configuration necessary.

To maximize your earnings with [EarnApp](#), consider these tips:

1. **Keep your device(s) online** as much as possible to maximize the time your bandwidth is being used.
2. **Use the fastest and most stable connection available**—wired connections (LAN) are generally more reliable than Wi-Fi.
3. **Prevent your device(s) from going to sleep or hibernating**, although it's fine to turn off the monitor to save energy.
4. **Connect multiple devices with different IP addresses** to increase your earning potential by having more sources of bandwidth.
5. **Invite friends and family** to join [EarnApp](#), allowing you to earn a share of their earnings as well.

By following these steps, you'll be able to make the most of the opportunities **EarnApp** offers to generate passive income.

### **Auto-Redeem**

I set mine up to auto-redeem to my [Paypal](#) account, but there may be some fees (fees are tax deductible):

- **PayPal – EarnApp** 2% handling fee (min. redeem \$2.50)
- **Wise** – \$1.13 flat fee per transaction charged by Wise (min. redeem \$2.50)
- **Amazon Gift Cards** – no fees (min. redeem \$50)

I'm going to try it, and will report my results. Hey, I'm up for passive income from doing nothing at all.

If you want to sign up for [EarnApp](#), as a standalone product (without [FreeListMonster](#)), [here is the link for EarnApp](#).

## Source for Some Top Quality PLR to Use as Lead Magnets

Every month, during the first two weeks, **EasyCash4Ads** will release a new product exclusively for **EasyCash4Ads** members—available to you for free. Whenever possible, we'll develop these products in-house, making them unique to our platform. Each product will come with **master resell rights**, a **mobile-friendly sales page**, and a **ready-to-use capture page** if you'd like to use it as a tool to grow your email list.

Hook it up to any autoresponder like [BuildABizOnline](#) or [LeadsLeap](#), and **PROMOTE** it on safelists you can join for free at [Advertising Blowout](#), or [free Classified ads](#)

Our goal is to provide you with products that are not only valuable but also practical for regular use.

**EasyCash4Ads** has so much more than just PLR. After 2 pass-ups,

- you qualify to **receive \$10 payments** for each paid referral,
- you also **receive the two pass-ups** from each referral so THEY can qualify to receive commissions.
- PLUS, you get [16 amazing slash pages](#) that can be used with any affiliate program or capture page.

So much packed into this amazing product that costs a **one-time \$19 payment**.

### How I Answered The Question...

*What Product Should I Promote?*

A lot depends on your experience, and your budget.

I have two primary projects: a business platform [Worldprofit](#), which is my "infrastructure" and primary toolset (actually much more than that), and [Secrets of the Big Dogs](#), for

income and traffic from [CHIPs](#) ( Coordinated High Income Portfolio [safelists](#) and tools). Both require a fairly substantial monthly budget.

### **Automatic Builder/Nexus Rewards**

You have a good start with [Automatic Builder](#). This is a nice side hustle that pulls in new leads every day With the \$47 A/B option, it's a nice surprise to get \$27 or \$47 direct payments, while promoting 3 other affiliate programs.

By adding on [Nexus Rewards](#), you transform **Automatic Builder** into an excellent marketing tool with **Snap**. The draw with **Nexus Rewards** is starting folks out with free cash back apps, then showing them the value of the Premium upgrade, where the real savings are. With the holiday shopping season starting next week, timing is right. For example, with **Rakuten**, there are over 3500 retailers with just about EVERYTHING they might buy. Spend \$30, get \$30 cash back on your first use. You earn cash back when referrals earn.

International options are limited for the cash back and Premium apps, but there are opportunities if you promote it and recruit in USA

### **LiveGood / Easy Commission Funnel**

Jeff Aman has created a wonderful Done-For-You system called [Easy Commission Funnel](#), designed initially to promote **Livegood**, but has been adding other strong streams of income, traffic sources, tools, and training. **Livegood** has an excellent line of health/wellness products, but keep in mind that **you don't SELL on safelists**; you **BUILD YOUR LIST on Safelists, and SELL to YOUR LIST**. So, use ECF to get [Livegood](#) sign-ups and upgrades.

**Easy Commission Funnel** will bring in referrals minimally for the newest [autoresponder SendShark](#), [LeadsLeap](#), **M3 Inner Circle**, [TrafficZest](#), **The Click Engine**, and others. Lots of free training.

### **FastForcedProfits**

Currently in pre-launch [FastForcedProfits](#) has a promising 2x12 matrix, with a very marketable product: monthly 1-year Elite [safelist](#) upgrades for \$9.95 per month. They get 11 months free. Reserve a slot before Dec. 1st for \$1, or three slots for \$3, that would be

\$29.85 per month for those three monthly 1-year Elite upgrades. YOU get lots of traffic to use yourself, 50% commissions, and potentially huge matrix payouts.

## List Building should be your **PRIMARY FOCUS**

Everything you do should consider **BUILDING YOUR LIST**, so don't skimp on capture tools and an autoresponder. Many programs like ECF have dependencies on particular autoresponders (started with LeadsLeap and has transitioned to SendShark), but an inexpensive but robust system is BuildABizOnline (**Pro Executive** recommended for \$14/month, earns 70% commission). Keep in mind that autoresponders tend to retain members for the long term, which makes them a good source of recurring residual income.

LeadsLeap Pro is more expensive (\$27/month) but there are so many Done-For-You low-cost or no cost funnels that can help build your list and are nice side hustles.

## Traffic is Essential and Can Be Self-Funding

It's no secret that I spend lots on traffic to support my 1-2 million emails per day, but my Supersolo purchases and Master Safelist Blaster subscriptions are funded through safelist commissions. Worldprofit commissions fund my WorldProfit membership and traffic packages.

I look for, and pass on to my newsletter subscribers, the traffic package bargains, particularly those that include **substantial bonuses of SuperSolos**.

LeadsLeap downlines fund my LeadsLeap Pro subscription. BuildABizOnline downlines fund my BABO Pro Executive subscription. Livegood downlines fund my LG Premium. Nexus Rewards downlines fund my Nexus Rewards Premium.

**NONE OF THIS happened overnight**, and most that amounted to anything required **some INVESTMENT**. While you can **GET STARTED with freebies**, consider that **EVERY BUSINESS** requires **SOME AMOUNT OF INVESTMENT** of both **TIME** and **MONEY**. And most of all, **PATIENCE** and **PERSEVERANCE**.
