Personal Builder Examples, Improvements

Yesterday, I told you about the **MemberTools!Personal Builder**, a way to tell others about your projects or affiliate programs. Members could get from 3 program listings for Free members, up to 15 records for Elite members.

Here is an [example page](#) (real links to my real projects)

What I would do to improve this page:

- Rather than an ad like I did, a short description may be more effective, because it is followed by a banner.
- I would use 600x300 login ad-sized banners

Remember:

- The admin **must approve ALL CHANGES**

- **You will not be able to see your additions or changes** when you view your page in a browser with the URL at the top of the page **UNTIL APPROVED BY THE ADMIN**
- Your **Affiliate URL** and **Affiliate ID** portion of the Affiliate URL **must match**, even if it is not a real affiliate ID. For example, I am using a URL shortener so here is my entry
Affiliate URL <https://trk.webcastsource.com/bdfail>
Affiliate ID bdfail
- It may be easier to use an HTML Editor like the [Google HTML Editor](#) to create your content for the description box, then just paste the HTML source code
- **NOBODY EVER SEES THIS PAGE UNLESS YOU SEND SOMEONE THE URL** from the top of the page.

Compare the two:

- [First](#) - descriptions too long, formatting, small banners
 - [Second](#) - tightened up descriptions, larger banners

MY TOP 10 FAVORITE PROGRAMS - Examples, Video

With the page accessed at [MemberTools!My Top Ten](#), you can create your own splash page to promote **125x125 button ads** from your favorite programs.

You can add up to ten 125x125 button ads of your favorite programs. **Please use only 125x125 button images**, but there is no system validation of either the button image size, nor target URL.

Remember...

- **NOBODY EVER SEES THIS PAGE UNLESS YOU SEND SOMEONE THE URL** from the top of the page.
