MyIMPartners Autoresponder is LIVE.

The **AI Suite LIVE for Founders**, and **upgraded AI subscribers**, but all AI users must be added manually, so if your AI Access is not

working, submit a [Support Ticket](#) to Dave.

This is not only an excellent tool, but a **RESIDUAL INCOME** opportunity. Autoresponder subscribers are historically **LONG TERM**. Add the AI tools to that system, and you have a GOLDMINE of an income stream.

Monthly Members Earn 40% Commission. You do not need to be at higher membership level to paid for upgraded referrals. So, if you are a Basic AR member, if a referral upgrades to Pro AR-AI, you earn 40% of \$49.95 = \$19.95 PER MONTH - NICE!

Don't have \$15.00 for even the Basic AR? Charge it on your **CREDIT CARD** (not debit account) and actually **PAY for those charges NEXT YEAR**.

Since the **TRANSACTION would be completed in 2024**, it would be a legitimate **BUSINESS EXPENSE** that can **REDUCE THIS YEARS TAX LIABILITY** due on April 15th, 2025, or **INCREASE YOUR TAX REFUND**.

MyIMPartners Price Comparison

MyIMPartners Autoresponder monthly fee will start at \$14.95 for 15,000 subscribers. Compare to SendShark 10,000 subscriber (Easy Commission Funnel rate) is \$25.00 per month. You can upgrade later to the 30,000 subscriber level if needed.

Autoresponder monthly fee for 30,000 will be \$29.95

SECRET TIP: Dave ALWAYS offers deals for upgrades. Watch my newsletter.

MyIMPartners Training Videos

MyIMPartners is actually a white-labeled version of MailWizz.

Go to the [MailWizz Videos site](#) for excellent training videos, specifically:

Lists and subscribers

It is easy and simple to manage your email lists and subscribers through **MyIMP**Partners (MailWizz). It offers a very intuitive interface with all the options you need to handle these tasks.

There are admin tasks in the beginning of this video, but **Customer** (this is YOU) [setup for Lists and Subscribers starts at 1:39](#)

TIP: Double Opt-In is REQUIRED on this system. This protects the SYSTEM.

Campaigns introduction

Learn how to create your first email marketing campaign. Learn about regular campaigns and autoresponders.

A **REGULAR CAMPAIGN**, the way they use it, would be like a one-time email to announce a spring sale. HMMM... like I would use to broadcast my newsletters

An **AUTORESPONDER CAMPAIGN** is a **SERIES** of emails, sent after the subscriber has activated (with double opt-in, that means they verified their email)

An **AUTORESPONDER campaign** differs from a **REGULAR campaign**, having fields in the **Campaign Confirmation Step**

- **Activate At**, where you can set a start date and time, and
- **Autoreponder Event**, either **After-Subscribe** or **After-Campaign-Open**, where you select the **email that PRECEDES it from the drop-down**

TIP: Because you will be selecting the PREVIOUS message from the drop-down when setting up an autoresponder, it is important that the **Campaign Name** is unique so YOU can identify it. The email recipient does not see this field.

TIP: To **MOVE** an autoresponder message (within an autresponder campaign), you must **change BOTH the message you are MOVING**, and the **message that FOLLOWED** the one you moved to reflect the correct **After-Campaign-Open** message from the drop-down

TIP: When setting up any campaign, do Save and Next after each step. When finished, don't forget to do Save and Activate, otherwise your email will not be sent.

Sending campaigns and reading stats

Learn how to send your first marketing campaign and read available stats and reports.

This can get very involved, and is an advanced topic. VERY GOOD, but beyond what you would need at first.

Sources for Free Email Templates

I'm generally not a fan of email templates, only because my experience has not been great using them due to SPAM scanners and email deliverability. If I were selling sweaters, or discussing the love life of frogs, loading up with graphics and pictures would be appropriate.

In fact, I keep my formatting to straight HTML text formatting tools available on most HTML editor toolbars, limit tables and graphics, because even my simple, albeit sometimes lengthy, newsletters were failing. That's why I switched back to a single column, and have eliminated the AI-generated graphics (it's a shame, they were fun).

I do want to tell you about some sources I discovered for free HTML email templates.

- [The MailWizz site](#) (maker of [MyIMPartners](#)) has 729+ free templates that can be downloaded, and uploaded into [MyIMPartners](#)
 - [Stripo](#) has 1550+ free HTML email templates: Abandoned cart, Black Friday, Gaming, Nonprofit, Password reset, Signature, Survey & feedback, The Breast Cancer Awareness Month, Webinars, Welcome and more, or you can purchase custom templates to your specifications.

Using [MyIMPartners](#) HTML Form Code with Other Landing Page Builders

While [MyIMPARTNERS](#) has a perfectly good Block-mode Landing Page Builder, I prefer to keep all my landing pages, bridge pages, [thankyou](#), and bonus pages in one place.

I use many different landing page builders, like [WorldProfit](#) (Free Associates get access to unlimited landing pages using 14 different templates for free), or [BuildABizOnline](#) (Pro members get unlimited pages for \$10/month), but there are also free [Splashpage Builders](#) on each of Dave's safelists (including the [MyIMPARTNERS Safelist](#)).

The **HTML Form Code** is what connects the **landing page** to the **[autoresponder LIST](#)**.

[See the Video](#) on how to find the **HTML Form Code** for your LIST on [MyIMPARTNERS](#)

Here is an example of a simple capture page created with the [MyIMPARTNERS Safelist MemberTools!SplashpageBuilder](#). Founding Members can have 15 [splashpages](#), and likewise if you take advantage of the Elite upgrades being offered on over 200 of Dave's safelists.
